Description

The purpose of this EDAD 628 hybrid course is to study the basic functions, duties responsibilities and current problems confronting practicing school superintendents. Consideration is also given to administrative theories, organizational behavior, community relations, and relations with the school board. This course mirrors EDAD 611 and are taught concurrently.

Prerequisite: Principal certification and admission into the superintendent certification or doctoral program. Prerequisite courses are EDAD 620, EDA 627, and EDAD 651.

Co-requisite: Enrollment in EDAD 611

The course will be designed to meet the TExES Competencies for the Superintendent Certificate in three domains:

- Leadership of the Education Community
- Instructional Leadership
- Administrative Leadership

Student Learning Outcomes

This course will afford the student the opportunity to enhance her/his knowledge and experiences, the opportunity to strengthen his or her qualifications, and the opportunity to prepare for the superintendent certification test. The student should be able to:

1. Demonstrate administrative skills, techniques, and theory by examining and evaluating case studies.
2. Identify leadership styles that will affect administration of a school district.
3. Identify the components of vision statement and the methods of vision casting.
4. Reveal their organization understanding and develop a professional action plan.
5. Identify the components of a district improvement plan and illustrate the plans development and implementation.
6. Identify the elements of TAPR and other TEA Reports and demonstrate usage of this information.
7. Explain the elements of communication and collaboration and state how these are integrally important to the administration of a school district.
8. Demonstrate the ability to conduct a self-assessment and identify one's strengths and weaknesses.
9. Understand the governance model of working with school board Members and the communication, collaboration, and strategic conversations necessary for strong Superintendent/Board relations

The content of the course will be organized to develop The Superintendent as CEO of a Learning Organization.

Mental Health and Well-Being

The university aims to provide students with essential knowledge and tools to understand and support mental health. As part of our commitment to your well-being, we offer access to Telus Health, a service available 24/7/365 via chat, phone, or webinar. Scan the QR code to download the app and explore the resources available to you for guidance and support whenever you need it.

COURSE REQUIREMENTS

Instructional / Methods / Activities Assessments

This is a hybrid course which meets face to face each week and uses a web-based learning management system. The course relies heavily on written responses, class participation and interaction, and discussion. It is problem-based and inquiry-oriented course. Learning in this course will take place as a result of in class discussions and presentations, online discussion boards, lectures/power-point presentations, readings and concentrated study, and participation in intensive group learning exercises via face to face and online venues.

Assignments include a series of written responses to readings and online discussions. The readings cannot be neglected. It is important that you set aside time to read and digest the readings before you write or participate in discussion boards.

A wide variety of instructional methods will be used to provide students with meaningful learning experiences. Some of these will include focused discussions, written reflections, problem-solving activities, case studies, independent research, and the direct teaching model. Evaluation will be based upon successful completion of each of the performance expectations.

Course Topics

As an overview, the course will cover these topics.

Domain I — Leadership of the Educational Community

Competency 001: The superintendent knows how to act with integrity, fairness and in an ethical manner in order to promote the success of all students.

Artificial Intelligence

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.

13.99.99.R0.10 Graduate Student Academic Dishonesty

Assignments/projects:

During the course of study, students will submit assignments/projects as follows:

Case Studies: These assignments will use five case studies selected from the Standards-Based leadership book. Students will write a reflective analysis of each case study within the framework of the major competencies and Texas Leadership Standards for the superintendent certification. Guiding questions for discussion posts will allow the student to demonstrate leadership level thinking, processing, and profound knowledge. The reflective analyses assignments will be uploaded as directed in the course module.

Learning Outcomes- 1, 5, 7, and 9
Various assignments will be used for evaluation

Texas Education Agency Data: Student will utilize TEA data for the following data tools:

School Report Card,
School district accountability data
School district funding reports
Tax Rate data

TEA sources and data will be used to complete assignments. Students will demonstrate skills of data collection, synthesis, and presentation.

Learning Outcomes- 2, 6, 7, and 9
Various assignments will be used for evaluation

Leadership Activities: Using the Baldrige Organizational Profile for Self-Assessment and Action Planning, the District Improvement (Strategic) Plan, the Texas Academic Performance Reports (TAPR); prepare a vision statement and an action plan you would follow as the superintendent. In addition, five leadership development activities have been developed to deepen skills and provide real world application.

Learning Outcomes- 2, 3, 4, 6, 7, and 8
Assessment for Assignment
District Governance
School and Community Communication
Leadership Development
Texas University Interscholastic League policies and constitution/rule book which found on the UIL website <https://www.uil texas.org/>

The instructor will utilize the Leadership Action Plan Rubric for the assessment. In addition, students will create a 90 Day Entry Plan for a vacant superintendent position using the knowledge and skills from the course.

Various assignments including discussions topics, journal, and in-depth written assignments are designed to synthesize the information from the Baldrige Leadership website, Superintendent vacancy websites, the TEA website and TEA documents.

Required Trainings

Students are required to complete TEA approved training in Dyslexia, Digital Literacy, and Mental Health (Supporting Mental Health in Schools). Each student is required to successfully complete each training and print a certificate showing successful completion of the training. This training is required as part of the successful completion of both EDAD 611 and EDAD 628. If students need any or all of these courses, contact the course instructor.

Discussion Board/Reflection:

Module lesson includes learning activities that may include small and large group discussion, reflection activities, and individual learning activities, and written papers. In order for this course to be beneficial, each student is expected to participate in online discussion, to ask relevant questions, and to share the results of their study and reflection. Consequently, each student is to be conscious of the class schedule and prepare to share with classmates in conversation and activities.

Learning Outcomes – 1 - 9

Assessment for Discussion Board Assignment – the depth and complexity of the initial post and the responses will be evaluated for the discussion topics. The synthesis of information and application of course knowledge and skills will be expected in the initial posts and responses.

Exams/Quizzes: Learning Outcomes – 1 through 9

1. Students will complete two quizzes (midterm quiz and final quiz).

Assessment for Assignment: Mid-term quiz and final quiz: 40 points each

2. Departmental Exam - Students will take a 195-practice exam (Departmental Exam) early in the course. The practice exam will be used to determine the students' strengths and areas that need improvement in terms of the certification exam for superintendency (TExES 195 exam).

Assessment for the departmental practice test: One quiz at 80 points

3. Competency Exam - Superintendent Certification Program Students are required to take a Superintendent Certification Competency Exam upon the completion of the superintendent certification program courses. The purpose of this competency exam is to assess the knowledge and

leadership skills required for the superintendency. Students must pass the Superintendent Competency Exam with an 80% or higher score.

Assessment for the Competency Exam – 100 pts

Other Assignments: Due to the nature of the course, other assignments may be assigned for student learning and assessment.

Grading:

Grades will be determined on a total point basis as follows. NOTE - This list may be adjusted during the course. This list may be adjusted during the course.

Grades will be determined on a total point basis as follows:

Assignments	20points depending on the assignment 12 total assignments	240

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Submitted assignments should not have been submitted for any previous courses.

Students are expected to submit all assignments no later than their due dates/times. Any assignment submitted past the due date/time (i.e., by the end of the day, TAMU-C time, of the respective due date) will receive a zero without exception unless an extension is approved by the instructor *in advance of the due date/time* (note: a request for an extension in advance of the due date/time does not mean an extension is approved; *explicit approval before the due date/time is required to avoid a zero*). Exigencies will be handled on a case-by-case basis.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.
